SHEEP KILLING DOGS AT WORK IN COUNTY

Much Complaint of Depredations Of Canines...Law To Be Enforced In City.

Sheep killing dogs have been playing havoc with flocks in Lincoln county within the past week. Farmers report that the total casualties of old sheep and lambs may run up into the hundreds if the full total of those destroyed by dogs could be ascertained. Bands of strange dogs are reported as running almost wild in the country districts at night, appearing in first one part of the county and then another. A number of the dogs have been killed by farmers, who are willing to risk prosecution under the dog law which makes a canine property.

Col. Huff Dudderar, of the Rowland section, reported Wednesday that dogs got into his flock this week and in two raids a night apart, killed about 18 lambs and a dozen ewes. Col. Dudderar immediately came to town to lay his case before County Attorney Burch and County Judge Bailey, seeking protection.

On three different occasions dogs have been seen among the flocks belonging to Carroll Shanks, but in each instance he has come to their rescue in time to save them, but seemed to have little effect upon the dogs.

C. C. Gover, of the Turnersville section, discovered strange dogs running his flock the other day and having his shepherd dog with him he "sickened" him on the marauding canines. The shepherd attacked them bravely and they started to run off, but he caught one by the neck and held to him until Mr. Gover could get to him with a stick. While the faithful Collie held to the strange dog, Mr. Gover is said to have killed him with a club.

Sheep raisers who have kept in touch with the depredations of the dogs, say that the dog tax raised in Lincoln county this year will hardly cover the loss to the flocks. About 1,500 dogs were given in for taxation this year, and it is believed the loss this season will run over \$1,500.

So troublesome have dogs become in the city here that City Marshal Carter has issued a notice to all dog owners to register them and pay the tax on them under penalty of having them killed if caught running loose on the streets.

Knows He Could Win

Garrard County Official Expresses Confidence in Judge Saufley.

Hon. P. M. McRoberts, special judge of the circuit court at Lancaster, instructed Deputy Sheriff Curt A. Robinson to open court every morning in the ancient form—"Hear Ye! Hear Ye! etc.," requiring all present to stand. Judge Saufley always opens court in this form elsewhere, in order to add dignity to the sessions and make proceedings more impressive.

Mr. Robinson made the speech, manifesting considerable oratorical powers. He then added the following, complimentary to Judge Saufley, as a piece of pleasantry, without any intention of offering a personal or political thrust: "I heard that Judge Saufley said he was going to have this done, and I knew that it would be done. He told me that he would carry every county in the district in the primary, and he did so. He also told me that he would beat Capt. William Herndon 1,500 votes, and he did so. Now, if he told me that he was going to be elected governor of Kentucky, I would be satisfied that he would win."

Brother Shoots Brother.

The Somerset Journal says that an unfortunate affair occurred at the home of Joe Garland, near Bronston, Saturday, when his son Joe shot and mortally wounded another son, Walter. The information is that Walter is subject to epileptic attacks, and while seized with one of these spells was endeavoring to do violence to his brother Joe, who was compelled to shoot him in self defense. A shot gun was used and two shots entered his abdomen.

Shot On Highway.

Deputy Sheriff W. S. Embry arrested Pleasant Bryant Wednesday on a warrant charging him with shooting on the public highway and disturbing religious worship. The boy, colored, is about 18 years of age and lives in the Hubble section. He was taken before Judge Bailey.

Worthy Citizen

Passes Away After Long Illness Of Bright's Disease.

Alexander Holtzclaw, aged 68 years, a life long resident of Lincoln county, died at his home in this city of Bright's disease, late Wednesday evening, after a lengthy illness. The funeral will take place at Goshen Friday morning at 11 o'clock, services being conducted by Rev. J. J. Dickey, of the Methodist church, of which deceased was a faithful member.

Mr. Holtzclaw was a member of a large and influential family. He is survived by his wife and a family of grown children and leaves many warm friends who will mourn that he is no more.

BITTEN BY BULLDOG.

Bohon Campbell Attacked by Vicious Canine and Hurt Twice.

Bohon Campbell, proprietor of a grocery store on Main street, was bitten on the right side and on the left arm by a large white bulldog belonging to Bledsoe Bailey to-day. The dog was taken out and instantly killed by Mr. Bailey. It is not believed that it was affected with rabies so no uneasiness is felt regarding Mr. Campbell's injuries.

Mr. Campbell was sprinkling the street with a small hose in front of his store,

and as he stooped over to shut off the water the dog which was standing near sprang at his throat.

He dodged and the fangs of the canine sank into the muscles on his right side.

The animal snapped again as the man sprang away,

and caught him on the left arm. Mr. Bailey rushed up and made him desist,

and he was killed. A physician examined the bites and pronounced them not serious.

Three Killed

In Disastrous Freight Wreck In Madison County.

Three men were killed and four injured in a collision between two freight trains at Maybee, 10 miles from Richmond, on the Kentucky Central division of the L. & N. early Tuesday morning.

One of the injured will die and three others were badly hurt. The dead are: George Devore, fireman, Richmond; Russell Storm, brakeman, Paris; Arthur Sanford, engineer, Richmond.

The injured are: James Rourke, fireman, Paris; fatally scalded. James McCarty, fireman, Paris; badly burned and scalded. Harvey Justice, trackman, Corbin; burned about the face.

The collision occurred on a sharp curve at a little way station called Maybee,

just a short distance from White Station.

According to the story of the

wreck sent out, train No. 76, northbound, should have waited at Berea for train No. 913, southbound. It was allowed to pass Berea, however, and as soon as the operator at that place realized the mistake he at once telegraphed to Richmond and ordered out the wrecker, knowing that a collision would be unavoidable.

Attended Banquet.

Mr. and Mrs. Murphy Hobnob With Salesmen at Louisville.

Mr. and Mrs. M. G. Murphy, of Kings Mountain, were in Louisville last week buying stock for the popular firm of Murphy & Acton. While there they were the guests of the Louisville Salesmen's Association and were very much impressed by the welcome addressed to the visiting merchants by May or Head at the banquet Wednesday evening, and that of Hon. E. J. McDermott on "The South; Its Past Ideals and Its Future Progress." The banquet was quite an honor, not only to the Salesmen's Association, but also to the Louisville Hotel, where it was held. Their trip was greatly enjoyed by the Lincoln county visitors.

GOVERNOR WILLSON vetoed the bank examiners' bill because he did not have the appointment of the examiners, and vetoed the bill allowing the Franklin circuit court a commissioner because he was not given the right to appoint the commissioner, instead of the circuit judge. Looks like the governor wants the earth and the fullness thereof.

GRAND MASTER VISITS LOCAL ODD FELLOWS

Tells of Great Work of Order And Is Well Pleased With Interest Shown Here.

Grand Master I. N. Williams, of the Lodge of Odd Fellows of Kentucky, visited Stanford Lodge No. 156 at its regular session Tuesday evening, and his visit was made a notable occasion in this popular local order. About 75 members turned out to welcome him, and to prove to him the live interest which is taken in the lodge by the membership. Several members of the Lancaster lodge were also present to greet the Grand Master, and he was visibly impressed by the cordiality of the welcome and the splendid showing made by the lodges in this part of the State.

Mr. J. C. McClary introduced the Grand Master to the lodge in a few well chosen words. Mr. Williams then told the Odd Fellows of the splendid work which the order is doing. He dwelt particularly upon the excellent results accomplished at the Home for Widows and Orphans at Lexington. He said there were at present 125 orphan children being given good homes and an education under the care of the order.

With the addition to the home which is now under way, the order will be prepared to take care of still more of the dependent ones of its brothers who have gone on before.

Prof. J. W. Ireland responded to the Grand Master on behalf of the local lodge, and warmly expressed the interest which Stanford members feel in the work which the order, as a whole, is accomplishing. Rev. F. M. Tider, of Lancaster lodge, also spoke, and R. L. Tomlinson, of Lancaster, had a few happy things to say which contributed to the enjoyment of the evening.

Grand Master Williams left well pleased with the activities of this lodge and warmly praising the officers and members for their good work.

Dan Cupid Busy

Several Loving Hearts Made Happy In Lincoln Lately.

Little Dan Cupid has been busy in Lincoln county lately. H. H. Padgett, a prominent merchant near South Fork Trestle in the McKinney section, was married to Miss Wallace B. Horton, on the 21st, and have the congratulations of many friends.

Andrew Brock, a well known farmer of the Crab Orchard section, and Miss Lena Cummins, also of that part of the county, were made man and wife on the 19th. Mr. Brock came to Lincoln from Bell county. Both have many good wishes for their happiness.

A pretty wedding ceremony was performed by Rev. Garland Singleton at his home in this city when he united S. A. Montgomery and Miss Stella Hubble in the holy bonds of wedlock on the 10th of the month. The happy couple reside near McKinney and are very popular with all who know them.

Egg Day

Will Be Put to Good Account By Crab Orchard Ladies.

The members of the Ladies' Aid Society of the Crab Orchard Christian church have planned to make Easter Sunday "Egg Day." Each member will donate all the eggs laid by her hens on that day, and they will be pooled and sold. The proceeds of the sale will go towards furnishing and fitting up the church. The Christian church there has no pastor at present, but the membership is anxious to secure one as soon as possible and in the meantime the ladies will put the building in shape.

Buy Nice Little Home.

Adolph Von Grunigan has purchased the Hazelwood place, on the Hustonville, west of the cemetery and has taken possession with his family. He paid \$1,900 for the home.

THERE will be a missionary entertainment at Moreland on Sunday night beginning at 6:30 o'clock. Everyone is cordially invited to attend.

Don't Break Down.

Severe strains on the vital organs, like straitron machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50¢ at Penny's Drug Store.

COMMERCIAL CLUB

MAY BE ORGANIZED

Young Business And Professional Men Want to Help Boost Stanford.

A number of the younger men of Stanford, both business and professional men, are seriously discussing the organization of a commercial club here to advertise both Stanford and Lincoln county, also, better to the State and country. The matter has been quietly talked of for several days and has now reached a point where a call will probably be issued, signed by a number of active young men for a mass meeting of all those who are willing to join in a concerted effort to boost the old town and community in an organized way.

Commercial clubs are doing good work in a number of smaller cities in Kentucky and those who have watched some of the results they have attained say that there is no valid reason that can be given why Stanford should not have one to push forward to the front of the procession.

"There are a number of good things and much needed improvements, which could undoubtedly be secured by concerted effort," said a well-known business man to the INTERIOR JOURNAL. All we need is for some of the young fellows who have energy and determination to go to the front in the matter. There's no use going after things too big at the start. Aim at something that can be attained; go to work for improvement of sanitary conditions in the city, for a better sewerage system, for a new depot, or for better streets. Every business man in town ought to feel a personal interest in such a movement and be willing to help it all he can."

It has been suggested that one of the first things that a commercial club could find to do would be to arrange a suitable and appropriate program for dedicatory ceremonies for the new court house. An orator of note could easily be secured to make the address of dedication. The details of making such arrangements would naturally fall upon a commercial club, and it has been suggested that the affair could be made a noteworthy event in the history of city and county with a little boasting of the right sort.

Rev. E. O. Hobbs

Will Assist in Protracted Meeting At Methodist Church.

Rev. E. O. Hobbs, who has been assisting Rev. J. J. Dickey in the protracted meeting which has been in progress at Logan's Creek for the past few weeks, has been selected to assist Mr. Dickey in the revival services which will be held at the Methodist church here beginning the first week in May. Mr. Hobbs is said to be a strong exponent of the gospel and much good is expected to be accomplished.

Mr. Dickey will preach at his church here Sunday morning on the "Resurrection of Christ."

The Epworth League of the church will have its "Evening With Whittier" at the church tonight, and a delightful evening is anticipated by all.

Big Damages In Pulaski.

What was probably the largest amount ever awarded by a Pulaski county jury in a damage suit was the one returned against the Q. & C. railroad last week, when \$15,000 was awarded the administrator of Jeff Lovell for the killing of Lovell in the railroad yards in Somerset some three years ago. Lovell was foreman of the north yard crew and was caught between the bumpers and two cars while trying to make a coupling and his life was crushed out.

The Lash of A Fiend. would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, la grippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial bottle convinces. 50¢ \$1. Trial bottle free. It's positively guaranteed by Penny's Drug Store.

W. J. DeBaun, a Perryville capitalist, has awarded a contract for the erection of a 20-room hotel in Perryville, which will be modern in every particular. The old hotel will be torn down.

Local Man Interested.

The Frankfort Journal says that the Capital Motor Car Co. is the latest thing in a business way at the State capital. It has just been organized, with W. L. Williams president and Dr. Joseph Severance secretary-treasurer, and will, in a day or two, open up its garage in the heart of the city.

Better Freight Rates

Will Enable Stanford to Become Leading Cattle Market.

A. T. Nunnelley returned Wednesday from Louisville, where he spent several days conferring with the L. & N. officials regarding freight rates on cattle. Stanford is becoming one of the largest cattle markets in the State. Mr. Nunnelley has recently received shipments from down in Tennessee; a number of herds have come to his large stock yards from as far away as Russell and Whitley counties and other sections not adjacent to Stanford. An average of over 500 cattle are handled here every court day, while the business in the interim has grown to large proportions.

With more equitable rates from the railroads on freight shipments of cattle, Mr. Nunnelley believes that Stanford will soon take the lead in all this part of the State as a cattle market. Buyers are flocking here from all over the South and Eastern houses have their representatives on hand. The central location of the city and its ease of access makes it especially favorable for doing the largest business in cattle in this part of the State.

Death At Highland.

Mrs. Baugh, mother of Elbert Baugh, of the Highland section, died at her home there Saturday aged 78 years. She is survived by two children and a number of relatives. She was a faithful member of the Methodist church and well beloved in the community.

Young Girl Dies In Garrard.

Miss Sallie Watkins died at the home of William Furr, of the Flat Woods section of Garrard county after a long illness from consumption. She had been a resident of Garrard for some time, but was a native of the Big Sandy border of the State, and also leaves relatives in Johnson county. She was a bright and energetic young girl, just entering her 14th year. The body was taken to Paintsville to be laid to rest in the locality where she had passed the happy hours of her childhood.

Distinguished Woman Dead.

Margaret Wickliffe Beckham, one of the best known and most highly esteemed women in Central Kentucky, died at her home in Shelbyville, Monday night. She was 66 years of age.

Mrs. Beckham was of a distinguished ancestry. Her grandfather, Charles A. Wickliffe, was a governor of Kentucky, and also served as Postmaster General in President Tyler's cabinet. Her father, Robert C. Wickliffe, was governor of Louisiana, and a younger brother of hers, who bears his father's name, is now one of the Congressmen from that State.

HON. HARVEY HELM

of Lincoln county, is a candidate for re-nomination for Congress from the Eighth district, subject to the action of the democratic party.

The news that now comes from Richmond that State Superintendent of Public Instruction J. G. Crabbe is about to resign to accept the presidency of the Eastern Normal School there, has been whispered at Frankfort for some time. Should Prof. Crabbe decide to do so, Richmond and the Normal's gain would be loss to the State of Kentucky. No State superintendent in many years has done as much for the public school interests of the State as Prof. Crabbe. The INTERIOR JOURNAL, democratic to the core, takes great pleasure in paying this humble tribute to an official of the opposite faith, who can truly step out of office with the encomium, "Well done, thou good and faithful servant."

We have had the pleasure of watching Prof. Crabbe's work intimately during the past two years at Frankfort, and if all public servants were as faithful to the people as he, the old State would go forward by leaps and bounds. Prof. Crabbe does not carry his politics into the execution of his duty. He rightly believes and practices that the schools should be out of politics. This has been one of the secrets of his success, and the confidence in which he is held by those who are familiar with the active steps taken in recent years to give educational work in Kentucky the prominence which it should have.

To traffic in votes is a crime but secondary in degree to using the machinery of the courts for political purposes. There is no penalty attached to the purchase of a voter's registration certificate, even if there should be, and consequently the act is not punishable. However, in order to intimidate both seller and buyer, Judge Parker, of Fayette county, permitted the grand jury, which he kept in session a month or more, preceding the last election, to indict a number of those charged with the alleged offense. The object having been attained, he now dismisses the indictments, on demurral, saying that it is not punishable under the law. Editor of Breckinridge, who called the Court's attention to the matter at the time, goes for Judge Parker in a recent editorial in the Herald, which must make the head of the fusion ticket at Lexington feel that honesty is the best policy and there are dearer considerations in life than the acquisition of office, though men of Judge Parker's calibre do not seem to think so.

IN rejoicing over the summary spiking of the republican Cannon, there is another thing connected with it even more worthy of genuine gratification. It is that the democrats in Congress presented a solid front and showed that they are once more united. There is every indication now that neither a Cannon nor other of his party will preside the next House, because it will be democratic.

Miss Lou Conway and sister, Miss Betsy, are confined to their beds with severe attacks of grip.

Mrs. Hill Spalding, of Louisville, is home for a few weeks enjoying the quiet relief from the city's noise and bustle.

V. B. Morse and Milton McCormack, with a bucket of fine minnows, slipped off to Roy's Mill one day last week, expecting to surprise the boys on their return with fine string of fish, but they didn't get a bite.

Rev. W. G. Montgomery is arranging to build a duplicate of C. W. Adams' cottage this spring. Mr. A. B. McKinney has bought the handsome cottage of W. D. Hocker for \$3,500 and will move in the near future. Mr. H. has rented the Wheeler home opposite the Emporium and will move soon.

Judging from the large acreage of blue grass sod being plowed and the thickly dotted tobacco beds on every hillside, there will evidently be much the largest acreage of tobacco in this end of Lincoln ever attempted in the history of the county. Crops are being planned in size running from 150 acres down.

You will see the happiest and one of the best matched couples in Kentucky ere the snow flies again, if all signs do not fail, and Stanford will be their home.

Miss Katie Warriner, the accomplished niece of Judge Wm. Myers, of our city, has accepted a position with a Lexington music house at a handsome salary to exhibit their pianos. She is well fitted for the position and should have the undivided patronage of Lincoln and Casey counties.

Mrs. Nancy A. Logan, E. Main street Stanford, Ky., says: "I scarcely know how to express my gratitude to Doan's Kidney Pills for the great benefit they brought me. When I began to use them, I was in a miserable condition. My back seemed to have given out entirely and at times pained me terribly. I often became so weak and lame that I was almost prostrated. I was also annoyed by a frequent desire to void the kidney secretions and the passages were accompanied by an intense, burning sensation. Learning of Doan's Kidney Pills, I procured a supply at Shugars & Tanner's Drug Store, and in view of the results I received, I can give them the highest praise. Doan's Kidney Pills not only relieved my backache, but restored my kidneys to a normal condition."

How To
Collect Your Notes and Accounts.

How can I collect what is owing me? This is the all important question with every merchant, wholesale firm, business and professional men, farmers—and, in fact, every one—to-day. Never has the question been so prominent in the business world as it is today. The loss of a few accounts may eat up your profits in business: the failure to collect a note makes you that much poorer; not being able, or in a position, to give the proper attention, knowledge or experience to the adjustment or examination into some claim in which you have an interest may cause you the loss of many dollars. Our province and our business is to help you in these matters. Whether it is a NOTE or ACCOUNT you are not able to collect; or whether it is some claim in which you have an interest which needs looking into carefully, we are prepared to do it, and do it promptly. This is our business; we make it a study: We have the facilities and we have the experience, and the fact that we have collected many dollars which were given up as lost, is one of our best arguments in favor of what we can do. Our terms are reasonable, and we make no charges unless we collect: We make collections anywhere in the United States. We recently collected an account for a firm in the adjoining county against a man in California. If you have a claim which needs looking after, or a note or account which you want collected, no matter how large or how small, or where the parties live, send it to us. We solicit your business. Edits Issue of Methodist Paper To Help Parsonage Work.

The current issue of the Central Methodist Advocate is called the Parsonage number and the editorial work is practically entirely the product of Mrs. J. J. Dickey, of this city. For several years Mrs. Dickey has been the corresponding secretary of the Woman's Home Mission Society of the Kentucky Conference and part of its work is to assist in building and furnishing parsonages. The Kentucky and Louisville Conferences are said to be the only ones in the South which do not furnish the residences of their pastors, and this society is doing much good toward extending the good work. The edition is handsomely illustrated with half-tone pictures of parsonages and has many well written descriptions of the work.

Scabies in Boyle County.

News comes from Boyle county that over 1,000 head of ewes and lambs have died in the Perryville section in the past ten days from "scabies." The disease has been more destructive to lambs than to old sheep. About one-third of all the ewes in the neighborhood have died and about two-thirds of the lambs. Thomas Martin lost 55 lambs in one week and many of his old sheep. Page Leonard and John and Henry Bugg have been among the large losers, although the disease has been quite general in that section. It is estimated that the loss has aggregated almost \$1,000 per day to that section of Boyle county.

A new bank has been organized at Perryville, to be known as the People's State Bank, with W. C. Kern, president; Samuel Rupley, vice president, and S. F. Smith, cashier. A lot was purchased and a contract awarded for a handsome brick banking building. This will make two banks for Perryville.
